

Riken Kobe Seminar

“Publishing -a useful scientific literature”

Esther Schnapp

Editor EMBO reports

Wednesday, November 13, 2013

15 :00- 15 :45

A7F Seminar room of RIKEN CDB

I will present the 10 core principles of the EMBO publications, including transparent peer review and publishing source data, and also discuss ethical abuses in scientific publishing and how we address the problem. I can further offer advice on how to publish a successful paper in a major journal.
