The 28th CDB Meeting
Cilia and Centrosomes
Current Advances and Future Directions
November 27–29, 2016
RIKEN Center for Developmental Biology (CDB), Kobe, Japan

Invited Speakers
Renata Basto
Institut Curie, France
Takanari Inoue
Johns Hopkins University, USA
Daniela Nicastro
University of Texas Southwestern Medical Center, USA
Karen Oegema
University of California San Diego, USA
Heymut Omran
University of Münster, Germany
Junmin Pan
Tsinghua University, P. R. China

Organizers
Masa Kikkawa, The University of Tokyo
Fumio Matsuzaki, RIKEN CDB

Co-Host
Cilia Club
Grant-in-Aid for Scientific Research on Innovative Areas, MEXT
“Cilium-centrosome system regulating biosignal flows”

Registration deadline
Friday, September 30, 2016
